

Appendix 4 - Churchwardens

Churchwardens are appointed at the Annual Easter Vestry meeting and serve for one year at a time. Usually there are two, but in some years only one has been appointed. Years have been given as a pair indicating the starting and ending years of the period of tenure. Up to 1752 the legal year ended at Lady Day, March 25th thus a period of tenure coincided with the year as given in documents of the period.

However after 1752 dates were written as calendar years starting from Jan 1st and thus if the exact date is not known there is a certain amount of confusion as to the years that a person held office. There has also been confusion in that more than two names have been given as churchwardens in a given year, whether this is because of resignation, death or confusion over dates is uncertain.
